

Scheduling Pick Ups for KegStar Stainless Steel Keg Shells

How many keg shells are needed to schedule a pick up?

- Minimum of two “stacks”, or 120 total keg shells required for pick up
 - Keg shells are palletized in “stacks” of 60: 20 kegs per row, three rows high

How should the keg shells be wrapped and stored?

- Empty keg shells should be palletized using plastic wrap
- Full keg shells can be palletized using plastic wrap or bands
- Indoor storage preferred
 - If outside temperature is 32 degrees or lower, indoor storage required

How do we schedule the pick up?

- Email KegStar to schedule a pick up at emptykegsusa@kegstar.com
- For additional questions about logistics, please contact Derek Van Gelder at dvangelder@microstarkegs.com

How quickly will the kegs be picked up after scheduling?

- KegStar is traditionally able to complete all keg shell pick up requests within 7 business days

Will KegStar credit the pallets used?

- KegStar refunds \$7.00 per reusable pallet
 - A pallet is established as reusable if it is B Grade or better
